Weekend overnight closures on Pacific Coast Highway (State Route 1) for pavement work

At least one lane will remain open in both directions at all times

MALIBU – The California Department of Transportation (Caltrans) announced plans to close lanes on portions of Pacific Coast Highway (PCH or State Route 1) in both directions this weekend to install new pavement and temporary delineation lines.

The closures are along an approximately 16-mile stretch of PCH, between Cross Creek Road and Leo Carrillo State Beach in the city of Malibu.

On **Saturday, May 19 from 9 p.m. until 6 a.m. Sunday, May 20**, the following closures will be in place:

- One northbound **AND** southbound lane on PCH, between Cross Creek Road and Leo Carrillo State Beach in the city of Malibu.

At least one lane in each direction will be open at all times. The closures are weather permitting and subject to change.

The work on PCH is part of a \$2.2 million project to replace pavement on travel lanes, asphalt on the shoulders and add new shoulder delineation lines at various sections of PCH from Malibu Lagoon to the Los Angeles/Ventura County line.

All American Asphalt of Corona, Calif. is the contractor.

California drivers will see more work to preserve and rehabilitate pavement on freeways and highways as a result of SB 1, the state's new transportation funding. To find transportation projects in Los Angeles and Ventura County that Caltrans and local communities are investing in with SB 1 revenue, visit rebuildingca.ca.gov/map.html.

Caltrans reminds drivers to be "Work Zone Alert."
